

Cruiser-mini

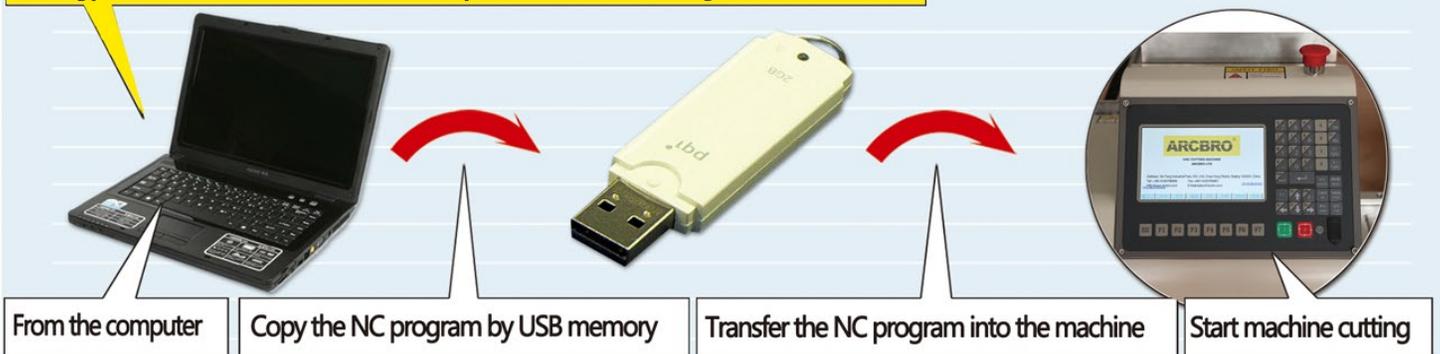

Revolutionary CNC Cutting Machine - ARCBRO Cruiser-mini

New

New Style and Optimal Choice for CNC Cutter

Firstly, Install the software on the PC, then convert DXF figure into NC code

Through USB Port ! Input and output the NC program simply.

After equipping with the air plasma power source, such as ARCBRO-AirCut, Hypertherm, Kjellberg, Thermadyne ArcBro Cruiser-mini will have high speed and top precision cutting performance.

- USB Memory is duty for the NC program input and output
- Auto Run Model /Test Model/Back Run/Nesting
- Power-off protection Cutting Precision $\pm 0.15\text{MM}$
- Scale Change ● NC Code Edit ● Kerf Compensation
- Auto Position ● Mirror Image
- Cutting Oxygen (Gas) or Arc (Plasma) ON/OFF Function
- Motor-driven Torch instead of the manual operation

Available Cutting Width Standard :
1,300mm, 1,500mm, 1,800mm

Recommmended Cutting Width : 1, 500mm

Available Cutting Length Standard :
2,500mm
(Add 500mm for one unit, max as 15,000mm)

Cruiser-mini

Revolutionary CNC Cutting Machine

Update Structure, working more Stable and Precise

An Ideal Creation of Portable CNC Cutting Machine

Streamlined machine body according with human body mechanics provides convenient operation. Basing on our engineers' experience, a unique structure was created to achieve a most stable cutting performance.

Emergency Button

Design for emergency situation, to protect the safety of worker and machine.

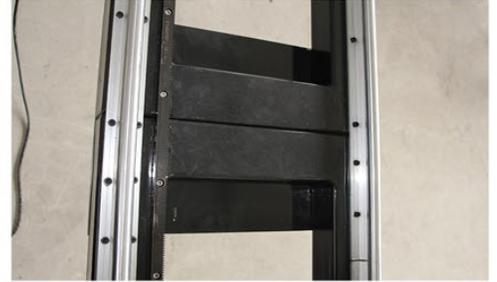

Servo and Encoder Optional

We offer two schemes of the powersystem, and we also improve the Encoder motor and make it more stable and precise.

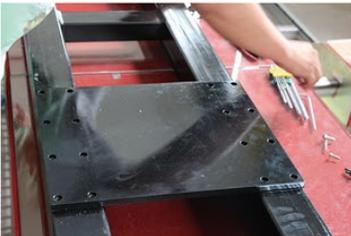

Wider Rail

The wider rail is, the stronger and more stable machine is, Cruiser-mini rail width is up to 445mm.

Extra Strong Rail Fix

LinearRace Shafting Rail

Updated Crossbeam durable & stable

Updated Rack

Now 15X15X505.5 rack for Cruiser-mini, Duty 100% and durable.

New Design THC

Heat and electromagnetic effection are mostly avoided rather than traditional THC. Much Long service time.

Multi-language System

Chinese, English, French, Japanese, Russian, Spanish, Czech, Slovenia.

Configuration

Voltage	AC110/220V 50/60HZ	Screen Size	7" LCD	Cut Model	Gas/Plasma (Optional)
Power	200W	Weight	200kg (standard package)	Cutting Speed	0-8000mm/min(Plasma) 0-1000mm/min(Flame)
