

IronHide

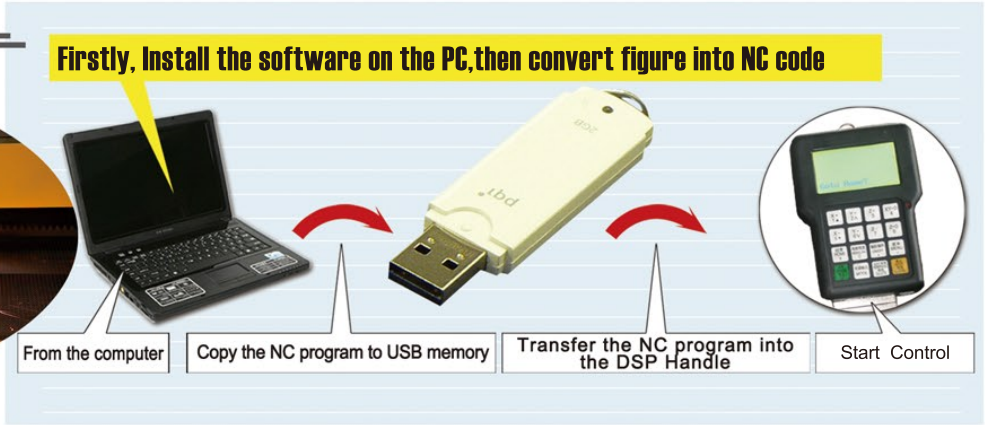

Sheet Metal CNC Cutter - Iron Hide

High Efficiency • High Accuracy • Low Cost
Sheet Metal CNC Cutting Machine

Sheet Metal Cutting Machine 0.3-15mm

IronHide at work

Through USB Port! Input and output the NC program simply.

IronHide

Table CNC Cutter - Iron Hide

Smooth Cutting and Heavy Duty!!

Product introduction

The characteristics of the device is using the plasma sheet cutting, this is one of the world's economic sheet cutting solutions, in addition, the machine is equipped with water cooling device can ensure the high quality of cutting.

Water cooling device

Guarantee:

The guarantee period is 12months since the original date of delivery.

Note:

Buyer is responsible for consumables.

Pictures and information purposes only, to prevail in kind.

Technical Parameter

Power	60A
Input Voltage	380V/220V three phase
Frequency	50 Hz
Cutting Speed	0~8000mm/min
Cutting Thickness	0.3mm-15mm
Effective cutting area	2500 mm×1300 mm 3000 mm×1500 mm
Cutting Program transmission	USB Interface
Cutting technics	Untouched Arc
Materials to be cut	Stainless Steel, Mild sheet, Copper sheet, Galvanized sheet, Aluminum sheet, etc

Advantages

- » High Cutting speed , High Cutting precision and Low operative and maintenance Cost;
- » Small kerf, precise cutting, no cutting residue avoiding complementary;
- » High quality ,and reliable cutting machine;
- » Powerful, reliable, high quality CNC controller;
- » Compatible with most common cutting software as FastCAM, ARTCAM, ARTCUT;
- » All DWG or DXF (as AutoCAD, Solidwork) design program can be read by the controller programs.
