

Stinger

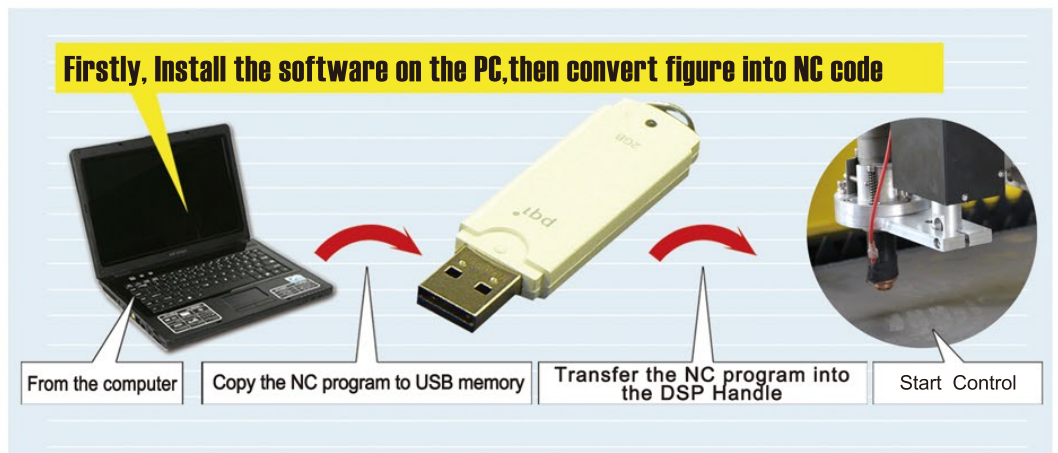

Sheet Metal CNC Cutter - Stinger

High Efficiency • High Accuracy • Low Cost
Save Space • High Precise

Sheet Metal Cutting Machine 0.3-30mm

◆ Stinger at work

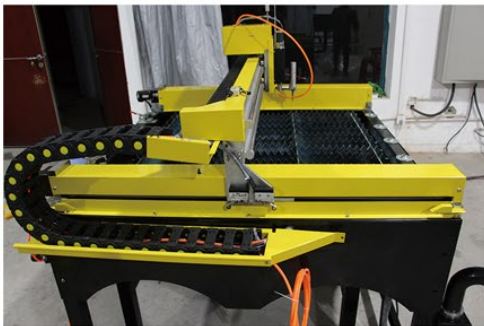

Through USB Port! Input and output the NC program simply.

Stinger

New Table CNC Cutter - Stinger

New Design and Multifunction !

Use linear shafting guiding rail, repeat-ability precision is very high

The work piece collector can be folded, machine legs is dis-assembly, easy to transportation

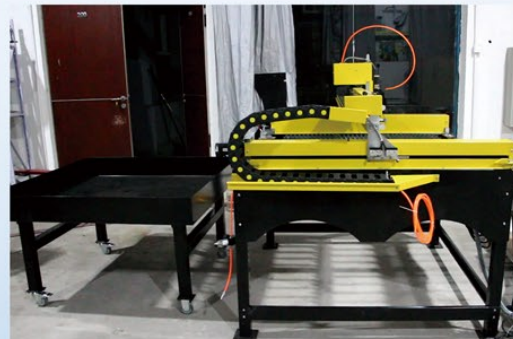

Technical Parameter

Cutting Area	1300mm X 1300mm <small>(extendable to 1500mm x 3000mm)</small>
Machine Size	1500mm X 1500mm <small>(extendable depend on cutting area)</small>
Frequency	50 Hz / 60 Hz
Input Voltage	110 V / 220 V
Cutting Speed	0~20,000mm/min
Cutting Thickness	0.3mm-30mm <small>(can be customized)</small>
Cutting Program transmission	USB
Crossbeam	Aluminum (60 X 145)
Plasma Power Solution	ARCBRO AirCut Hypertherm

Advantage

1. Ball screw drive mode(Rack and Pinion optional) , improve cutting precision and operation stable
2. Equipped with servo motor, machine is powerful and strength
3. Small footprint and light weight, easy to move
4. THC support both arc voltage and air pressure, can process 0.3 mm thin plate and 30 mm thick plate at same time
5. Work piece collector can be move, easy to take the work piece
6. Simple installation, two people can do this job
